

The Tillsonburg Horticultural Society

August BBQ Social

You and your guests (they don't have to be members for this event) are cordially invited to Whistling Gardens in Wilsonville. Our evening has been planned out so that we may enjoy the gardens, purchase a unique cultivar or two, and savour a lovely BBQ supper. We will also be entertained by The Gentlemen of Harmony Choir in Canada's largest open-air amphitheater. You'll be home before the sun goes down.

If you haven't been there yet, Whistling Gardens is unique. Nearly 18 acres have been cultivated and sculpted into 6 major gardens and plant collections. All the gardens have been seamlessly connected with nearly 4 km of walking paths (doesn't seem that long though). Relax by the quiet atmosphere of the 2-acre pond and waterfall. It's a beautiful place so it promises to be a delightful evening.
