

Tillsonburg Junior Gardener 2024 Program

The Tillsonburg Horticultural Society is excited to sponsor the children's gardening program - "A Sensory Garden".

Children will be encouraged to grow and create a garden that will engage their five senses - sight, sound, smell, touch and taste - using flowers, vegetables and herbs.

They will learn the importance of being more aware of their surroundings, how to appreciate nature, and to use their imagination all while learning about gardening.

Program Details

- Limited to the **first 150 registered gardeners** ages 6 to 14. Complete this form and e-mail early to tbhsjuniorgardener@gmail.com. This program **will not** be coordinated through the schools as in previous years.
- Children registered in the program will receive a planting package of seeds, plants, bulbs and instructions on how to grow and care for their garden.
- Planting packages will be available at a Junior Gardener booth set up at Tillsonburg Garden Gate on June 1st and 2nd or by pre-arranged porch drop off.
- Registration fee is \$3.00/child and will be collected when planting package is received.
- Junior Gardeners have the option to have their garden judged in mid August. More information will be in the planting packages.

Name: _____ Age: (as of July 1/2024) _____
